St Helens Domestic Abuse service directory 2025

The scale of domestic abuse across the St Helens borough cannot be underestimated. There were 3,745 reports of domestic abuse in 2023 /24. This is a reduction from the number of incidents in the

previous year 2022 /23 of 4 ,706 but it remains at a very high level. For this reason, Domestic Abuse remains one of the priorities for St Helens.
