4th November 2026

Dear Resident/Business Owner

ST HELENS TOWN CENTRE REGENERATION:
The Council of the Borough of St Helens (Haydock Street, Bickerstaffe Street and Hall Street, St Helens) 12 Metres (39 feet – 4 inch) Length Restriction Order 2026

Following the Traffic Regulation Order (TRO) engagement period, St Helens Council are now formally publishing a proposed moving traffic restriction associated with the St Helens town centre regeneration project. The publication of the notice of proposal to make an Order marks the commencement of the minimum 21-day statutory consultation period, during which representations may be submitted for consideration.

WHAT IS A TRO?
A Traffic Regulation Order (TRO) is a legal instrument that enables local authorities to regulate the movement and parking of vehicles on the public highway. TROs are used to introduce measures such as speed limits, parking restrictions, length and weight restrictions and other controls designed to manage traffic flow. These orders play a key role in improving road safety, reducing congestion, and ensuring appropriate access for specific purposes.

WHAT ARE THE PROPOSALS?
The TRO proposals are as attached and are currently being advertising in the local press, posted on site and available online via **www.sthelens.gov.uk/StHelensTRO**.

HOW CAN YOU PROVIDE REPRESENTATIONS?
Representations on the proposed Town Centre TROs can be submitted:

- By email to: **towncentretro@sthelens.gov.uk**
- In writing to the address shown at the top of this letter.

The consultation period will close on **26th November 2026.** Please ensure any correspondence is clearly marked with the subject line: **St Helens Town Centre TROs**

If no representations are received, the Traffic Regulation Order (TRO) will proceed as advertised and come into effect in the coming months, following completion of the legal process. If objections or comments are submitted, the Council will review them and may amend or withdraw the proposals.

If you have any questions or require further clarification, please do not hesitate to contact the Council using the details provided above.

Yours faithfully

Gareth Tyson

Privacy Notice – Traffic Regulation Orders

The Council as the data controller has to collect personal data in order to assess representations made pertaining to a Traffic Regulation Order. To process any representation, your personal data will be collected, processed, and retained in order to carry out the requisite legal Traffic Regulation Order process.

The Council will use the personal data it collects to assist in the assessment of this specific proposed Traffic Regulation Order.

Any personal data held, will be retained for as long as necessary in compliance with St Helens Councils retention policy, albeit this could be indefinitely to ensure representations are held on file when required as part of the legal process.

Your Data Rights

In relation to the personal data that the Council may hold about you, you have the right to request to:

- Be informed, have access or rectify incorrect information. You also have the right to object to or restrict the processing of your data.

- Under Data Protection law, verification of your identity is required and an explanation will be provided giving reasons as to why a request is not to be carried out.

Contact and Further Information

If you are concerned about how the Council is using the information provided, and you wish to receive a copy of your data or believe the information we hold is inaccurate please contact us at: dataprotection@sthelens.gov.uk, or via the Information Commissioner's Office (www.ico.gov.uk).
