

Croydon Local Plan Detailed Policies and Proposals Examination

Summary of proposed amendments to Proposed Modifications MMD17 and MMD21

Submitted plan; Council proposed policy; Hot Food takeaways “not acceptable” in shopping parades, edge of centre or out of centre locations but acceptable subject to intensity limitations in District, Local and Neighbourhood centres.

Original modification brought shopping parades, edge of centre and out of centre locations into line with District, Local and Neighbourhood centres.

Proposed varied modifications would bring shopping parades into line with District, Local and Neighbourhood centres but add a qualification of accreditation in accordance with the Council’s Eat Well Croydon scheme and for edge of centre or out of centre locations would revert to original policy in wards where the existing provision of hot food takeaways exceeds the national average but for other wards would bring policy into line with District, Local and Neighbourhood Centres but adding a qualification of accreditation in accordance with the Council’s Eat Well Croydon scheme.
